THE Railway Record has this very becoming tribate to an old triend: "On Monday, March 2, 1874, at Denver, Colorado, the pure spirit of Frank Mansford passed from its earthly prison. Nearly a year ago he left us with the hope of regalning his health, and, for a time, it seemed as if he had found new life in the invigorating air of the west. Associated with us for several years as an atlache of this office, we knew him as a christian gentleman, a falthful employe, and a man of strict integrity. He was modest and unassuming in his demeanor, warm and genial in his friendships, steadfast and devoted to his church. His body has been laid to rest beside many of those whom he loved, and the flowers that will be kept fresh and blooming on his grave, will be typical of the beauty and purity of his life."

MR. BEN RICHMOND has our thanks

MR. BEN RICHMOND has our thanks for a copy of the Pucific Commercial Advertiser of the seventh of February, published at Honokulu, in mourning for the death of the good King Lunaillo. The Advertiser is a handsome typrinted paper of twenty-eight columns, of which nincteen are compact advertisements, indicating a degree of prosperity very rare now-a-days in this neighborhood. From the editorial on the succession we learn that there is now apparently a prospect of something like a contest in the approaching extra session of the legislature, on the question of a successor to the throne. A second candidate has been placed before the country, in the person of her majesty, Queen Emma, the widow of King Kamehameha IV. The queen is a woman—in the highest sense of the word—whom all have learned to honor and esteem for noble qualities and noble deeds. And whom all have learned to bonor and essent for noble qualities and noble deeds. And while we heartily concede all this, together with that consideration and chivairie for-bearance which is due to her sex, we raust ex-press our profound regret that her partisans have chosen to add to the existing compilea-tion of affairs by placing her name in oppotion of affairs by placing her name in oppo-sition to that of the high chief, Kalakaua. We assume it as quite certain that a large majority of the members of the assembly will be found to have been instructed by their constituencies to vote for the chief whose candidacy was so emphatically indorsed at the public meeting of Wednesday last.

TAKING COLD" is an actual fact.

"TAKING COLD" is an actual fact. Cold strikes the delicate membrane which lines the respiratory tubes, a chill follows, a little inflammation and disorder. When the head and eyes are affected, the disarrangement is called influenza; when the nose, or upper part of the throat, catarrh; when the throat, ulcerated sorethroat; when deep in the throat, down toward the lungs, bronchitis. These diseases are, in character, essentially the same, and any medicament which will not specifically, in a b-neficial manner, upon the delicate membrane above referred to, will be salitable for any of the complaints named. Experience has shown that Mansfield's Hungarian Balsam of Life is a most superior tonic expectorant, and filts the conditions in every respect. It loosens the accumulation of viscil mucus deposited on the injured parts, and assists nature thus to relieve itself of a source of irritation. It soothes and cures the wounded spots, and thus rapidly removes the cause of trouble, and restores the whole system to a normal condition of healthfuiness. There is abundance of evidence of the efficacy of Mansfield's Hungarian Balsam of Life, and those affected with lung disease will never regret giving it a trial. gret giving it a trial.

Mr. Francis Baugs Mr. Francis Bangs, from Wallack's Theater, New York, opens an engagement at the Memphis Theater to-morrow night, the introductory piece being La Marseillaire, which can not fail to attract a good house. Mr. Bangs, who is of southern birth, and has been a popular actor in New York since the close of the war, comes to Memphis well recommended by the press of that city, and his week's engagement here will doubtless prove successful and entertaining.

The Theater.

Last evening, the benefit for the Mattle Stevenson monument came off at the Theater before a large and tanhonable sudience, notwithstanding the inclement weather and the prejudice existing in fashionable circles against attending the Theater on Saturday night. The Break at the Sunflower Landing-

ROBERTSONVILLE, COAHOMA Co., ROBERTSONVILLE, COAHOMA CO., Miss., March 12.—I see in the Memphis papers of the eleventh instant, the information that the levee at Sunflower landing has broken. This is not so. The levee is the very strongest on the Mississippi river that I knew of. It has been imperiled by wagons travelling over the top and wearing it down, but a force is now at work raising it and will have it safe against any water in six days. This levee broken, affects the entire Yazoo valley, and the news must alarm very much many persons affected by it. You will no doubt confer a great lavor upon the inhabitants of the valley by contra-

A REMARKABLE CASE. EAST MIDDLEBORO', MASS., June 9, 1884. MESSAS. BURNETT & Co.—When my daugh-ter's hair came off she had been afflicted with neuralgia in her head for three years, and for two years after her head was as smooth as her face.

Through the recommendation of a friend she was induced to try your Cocosine, and the result was astonishing. She had not used haif the contents of a bottle before her head was covered with a fine young hair. In four months her hair has grown several inches in length, very thick, soft and fine, and of a darker color than formerly.

She still continues to use the Cocosine, in connection with the Kalliston, and we have but little fear of her losing her hair. With respect,

Mr. Eddy's Testimony Renewed, EAST MIDDLEBORO', MASS., January 14, 1867. MESSES. JOSEPH BURNETT & Co.: Messes, Joseph Burnert & Co.:
Gentlemen—Soon after writing you last, my daughter delayed using Cocoaine for a few months, when her hair again came off, leaving her head perfectly bare, owing partly to the heat caused by neuralgia. We procured a couple of bottles of the Cocoaine, and used it freely, as formerly. In the course of two months the hair made its appearance, and is now thick and soft, and in a very healthy condition. Respectfully yours, WM. S. EDDY.

LEUBRIE'S. SEWELL'S DEATH.

Oard of Explanation and Correction

from Citizens of Shelby Depot. EDITORS APPEAL-The undersigned statement in your Daily Appeal of March
Sin or 6th, in regard to the death of E. G. Seweil. We will state the facts in the case: Mr.
Sewell was taken sick at Mr. J. B. Horne's
house, we suppose, on the fourth instant; we
knew nothing about it until Mr. Horne's
wagon drove up to the depot piatform at this
place, with a man lying on nothing but rails
in the wagon; the wagoner put Mr. Sewell offon the platform and drove off. This was
about two o'clock in the afternoon. A few
minutes afterward we went to Mr. Sewell's relief and found him speechless. We carried him
inside the depot sittingroom and made him
a good bed. We then sent for Dr. S. C. Maddox at our own expense. The doctor came,
and with us waited on Sewell until he expired, about seven o'clock in the evening.
We then washed and dressed him, and sent
his relatives word of his death. One of us
went five miles after a coffin for him, and
never charged a cent. We make this statement of facts in the case to show to the publie that Mr. Seweil did not die on the platform
at Shelby, and that he had everything donefor him that we could do, and if any person
deserves censure the public may know who
to censure the premise.
